## Work Experience

### Technical Support Engineer, Dynamic Yield *Remote | Mar 2021 - Present*

- Investigate and resolve technical issues across Dynamic Yield's web, mobile, email, and API implementation, whilst demonstrating an outstanding customer satisfaction track record
- Bridge communication between customers/account managers, and DY Product/R&D teams
- Lead calls with customers to investigate and troubleshoot issues
- Lead internal technical training sessions on complex portions of Dynamic Yield's product
- Create and update public documentation for Dynamic Yield's various products and features

### Freelance Developer & Designer, Self-Employed *Denver, CO | Jun 2018 - Mar 2021*

- Built single-page applications using React and node.js
- Worked with freelance and non-profit clients to:
  - Develop and design sites and screens using Wordpress and Shopify
  - Increase web traffic using SEO best practices
  - Create branding guidelines, logos, and illustrations

### Email Developer (Remote), Grubhub *Denver, CO | Aug 2017 - Jun 2018*

- Maintained and updated automated messaging platforms using Sendgrid and Salesforce
- Worked with various stakeholders in Grubhub to develop, update, and QA front end pages
- Setup and maintained email campaigns running on Grubhub's various platforms

### Front End Developer, Yelp Eat24 *San Francisco, CA | Feb 2015 - Aug 2017*

- Created and customized restaurant templates for restaurant partners of Yelp
- Built out an internal PHP app that pulls restaurant partner information from Yelp's API, and populates customized templates with the returned JSON data
- Configured DNS settings for customers, ran virus removals from our hosting, and updated and maintained externally hosted restaurant partner websites and CMS
- Collaborated with Yelp Eat24's marketing team to code, track, and QA email templates, as well as build and host landing pages related to new campaigns

### IT Support, Eat24 *San Bruno, CA | Dec 2014 - Feb 2015*

- Troubleshoot and fixed issues raised by Support, Sales, Management, and Account Manager teams as primary IT contact
- Ran formats, virus removals, and setup company computers and VOIP for new hires
- Built and setup stations for new hires and transfers

## Education:

### New England Institute of Technology, Warwick, RI

*Associates in Multimedia / Web Design*
