Projects

Blank-it (e-commerce website) [Shopify]

- Built shopify store for a client so customers can upload custom images to be sublimation printed on blankets
- Setup custom plugins to handle shipping, tracking, workflow, analytics, and image uploading
- Worked with client on developing an appropriate logo and mascot for the site, created illustrations of that character throughout the design

Crockpot Recipe Guide (interactive video game guide) [Node.js, React, JSON]

- Designed and developed an app to simplify the absurdly complex cooking system in a game my wife and I play, Don't Starve Together
- Application state utilized to handle updates to filters, food card contents and sort methods, and overlay
- Auto-deploy environment hosted on Github, listeners setup through Netlify

Work Experience

Email Developer (Remote), Grubhub *Denver, CO | Aug 2017 - Jun 2018*

- Maintained and updated automated messaging platforms using Sendgrid and Salesforce
- Worked with various stakeholders in Grubhub to code, QA, and send out email campaigns on Grubhub's various platforms
- Set up tracking and analytics for campaigns, present results to data scientists

Front End Developer, Yelp Eat24 *San Francisco, CA | Feb 2015 - Aug 2017*

- Created and customized restaurant templates for restaurant partners of Yelp
- Built out an internal PHP app that pulls restaurant partner information from Yelp's API, and populates customized templates with the returned JSON data
- Configured DNS settings, ran virus removals, and updated externally hosted restaurant partner websites and CMS
- Collaborated with Yelp Eat24's marketing team to code, track, and QA email templates, as well as build and host landing pages related to new campaigns

IT Support, Eat24 *San Bruno, CA | Dec 2014 - Feb 2015*

- Troubleshoot and Fixed any IT issues raised by Support, Sales, Management, and Account Manager teams as primary IT contact
- Ran formats, virus removals, and setup company computers and VOIP for new hires
- Built and setup stations for new hires, or current employees moving to new offices
